AUSTRALIA

Dear Bill:

Thank you for your letter of July 31st. It was good to hear from you again. Thank you also for the postal money order in settlement of your account. I do appreciate it.

My congratulations to you on your election as President of the British Astronomical Association, NSW Branch. As you say, "in spite of your UFO connections". This makes it more of an honour to you.

Sightings are still continuing in Canada, on about the same scale as elsewhere in the world, although nothing spectacular has occurred recently.

You mentioned the possibility of selling more copies of my book. That is very kind of you to offer. I still have some on hand so if you think it is worth while I could send a few along. I will, however, wait until you let me know how many I should send.

That was sad news about the death of Dr. James McDonald. I wonder if his suicide had any connection with his interest in UFOs. Even if it did, I don't suppose we will ever hear about it. His case seems quite similar to that of Dr. Jessup some years ago. They could be related.

Very sincerely,

Arthur Bray
