

THE SENATE
CANADA

September 15, 1970

Mr. Arthur Bray
1187 Agincourt Road
Ottawa 5, Ontario

Dear Mr. Bray:

Senator Lamontagne has asked me to contact you with regard to your letters to him. He advises that the Committee's report, which he expects to be finished this year, will deal with matters of overall government science policy. It will not, he advises, be making recommendations with respect to UFO research in Canada.

Yours sincerely,

Philip J. Pocock

Philip J. Pocock
Director of Research
Special Committee on Science Policy
