Dear Mr. Cameron

I don't have any recollection of meeting
you however we often met along
with some of his friends without ever asking me.

I recall answering your questions along
on your questions.

One, one, from me - do not use any
material for writing a book. That is not
allowed.

I met you in 1953 in person.

That was 35 years ago.

I am 35 years older.

How long do you remember some of
the city questions.

What must have been questions & are
she may still have them with C.K. if she cares.
