RESEARCH ORGANIZATION**

P.O. BOX 1318, WINNIPEG 1, MANITOBA, CANADA

May 8th, 1969.

Mr. Arthur Bray,
1187 Agincourt Road,
Ottawa 5, Ont.

Dear Mr. Bray:

I am sure that we will be corresponding periodically in the future and if you are agreeable, I think we should drop the formality of our salutations; I'll be glad if you call me Brian.

Thank you so much for the book reviews. I want to include the Colorado review in the bulletin coming up this month and then Cathie's book the following issue. Cathie, I understand, is working on a sequel to Harmonic 33 in which additional facts will be presented strengthening his theory.

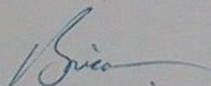

The idea that Dr. Millman will examine the "metal" is good news. I hope that he will divulge the results when he is finished. As you say, he is anywhere, but to the point when discussing the UFO phenomenon. I would look forward to the day that I am able to talk with him but I never-the-less have formed an opinion of him based on his letters and last years discussion with Dr. Hynek, who knows the doctor well.

I was interested in your remark about the west coast photo. We are presently investigating such a sighting (perhaps I mentioned this in my last letter). The principals are messrs. Neale and Voorsluys and the location was Victoria (Sept. 29, 1968). I have copies of a series of coloured slides taken by the two men and am presently digging up background information on the circumstances. Yes Is this the one you're following up? If so, I'll attempt to give you what I have once the information is condensed to a manageable report. So far, it would appear to be an important and legitimate case.

Please do keep me posted on your trip through Winnipeg. Part of my vacation will be during the last week of June and the first week of July but other than that, I will be in Winnipeg during the summer. I would be glad to see you in August. My home address is 91 Voyageur Ave. and my phone number, 832-0629.

My wife and I are planning a trip to Hawaii next January, by boat from Vancouver. Perhaps I will be able to meet with some UFO people there, I hope. Keep in touch.

Very best regards,

BCC
