March 5, 1979

Dear Mr. Bray,

We are still behind with our issues of THE INTERNATIONAL UFO REPORTER but are in the process of catching up. The September issue went out the second week in January, and as it has not as yet arrived to you, we are enclosing a replacement. Due to the fact that Canadian and U.S. issues are sent by second class postage, there is often a delay in receipt of Canadian issues.

The past five months have been exciting ones in the field of UFOlogy. We have been swamped with reports from around the world. The U.S. government has just released 1400 UFO related documents. Barring any further weather delays, a double sized October-November issue will be in the mails next week, containing information about the recent U.N. Conference on UFOs.

We thank you for your patience and understanding and promise you a most exciting and informative upcoming year. Your subscription runs through the February, 1979 issue and you will be receiving notice when your renewal is due.

Sincerely,
Estelle Postol
