

working through our own intelligence groups.

P.F.B. - Well if it is, they have developed awfully sofiscated ships.

W.S. - They could be using holographics and Projection beams, among other things.

P.F.B. - I will tell you this, They are extraterrestrials and there are lots of them.

W.S. - Are they from Zeta-reticuli and that area.

P.F.B. - Well some of them are, yeh, and aparamtly "we" made an agreement with them (the Zeta-reticuli group) and they really can't be trusted. We are working with them. I'm concerned primarily because of this connection, that we are going to end up being taken, one way or the other. I don't trust them.

But there are Ships (Saucers) up there by the hundreds and there's hundreds of alien life forms. Basically I've proven that, its all over the place. They are above and below ground.

W.S. - What is their ultimate purpose?

P.F.B. - I don't rightly know. I do have some speculation on it; But it gets
