SUBJECT: Vital Communication to Galactic Powers
to prevent a Cataclismic Collision bet.
the Earthly and Galactic Forces.

TO WHOM IT MAY CONCERN:

Since 1945, when the military powers realized for the first time the extra-terrestrial origin of UFOs, their military defense never tried to contact them.

The billion dollar astronomical budget of the Radio Telescope SETI Research program instituted by the superpowers and the Scientific Academies of other space exploring nations, is obviously based on the "non existence" of UFOs. These SETI programs are vainly attempting to communicate with galactic powers at a distance of thousands of light years rather, than expose their "potential threat" here on the Earth.

But, time and the Pentagon have proven as fact that UFOs are task forces assigned by Galactic Powers.- To seek formal communication with them is self-evident and logical!- Efforts for their suppression and negligence are baffling and senseless!

NOW, to prevent the STAR WAR's Apocalyptic Forces, as we realized: the poverty, tribulation, misery, starvation and death during two World Wars,- SOMEBODY MUST ACT TO PREVENT IT. Act, all of those who are for global peace, evolution and the survival of our civilization.

With the enclosed JOINT RESOLUTION, and the HIGHEST EXCLUSIVE MILITARY AUTHORITIES WARNINGS to stop the dreadful holocaust, before it is too late...we give you the strongest endorsement and concurrence with a plea to you for ACTION NOW! ITS TIME HAS COME! - Translate the Resolution to your national language, sign it, and mail for consideration, and action to your Government, Congress, Military Forces, Scientific Academies, Institutions and Space Agencies, Communication Media, UFO organizations and contactees, because every one must be aware of the nations' request to the Galactic Powers.

Those, who would condemn the Resolution as a foolish misrepresentation of the public you may discredit them immediately with the governments massive declassified UFO documents! (ICUFON ARCHIVES: Blue and Green Memorandums to the U.N.; Potential Threat/Pres. Reagan Memo.; Star War?/U.S. Congress Memo + Cattle Mute.)

To initiate further positive action regarding this vital problem, please keep us informed on your activities and any reasonable confirmation of contact with the extraterrestrial "homo cosmicus".

Yours sincerely,

Colman S. VonKeviczky
