Dear Mr. Bray,

Thank you for your letter of May 21st.

I apologize for not having answered your previous letter sooner but one of the penalties of "losing" a Convention -- in the conventional sense -- is to be faced with a mountain of correspondence and unpaid bills without the staff to cope.

This brings me to the truth about your request. I don't know whether I have the file on UFO's or not. If I do have it, I have no idea where it is. And thirdly, as of this moment, I do not have the free time to look for it.

When I do have free time, I will make a search and if I have the file you will be more than welcome to peruse the contents and make copies of anything that you feel is relevant to your investigation.

Yours sincerely,

Paul T. Hellyer
