SIGHTINGS OF UNIDENTIFIED OBJECTS

#6

DATE	TIME (Local)	LOCATION	DESCRIPTION OF INCIDENT	LENGTH OF TIME OBSERVED	SOUND	SPEED	ALTITUDE	HEADING	SOURCE	ACTION OR COMMENTS
1 Apr 52	0030	Mare Chisman, Calif.	Source reported large bright light similar to but larger than an aircraft and in an erratic flight path. Object left a stream of fire. (Restricted)	---	---	High	High	W°	Civilian	Description resembles meteor except for erratic flight path.
8 Apr 52	0145	Temple, Texas	Large meteorite-like object was seen traveling across the sky at high speed. Object had trail. (Confidential)	30 Sec.	---	High	---	N°	Army	Object was apparently a large fireball. Reports on this object were received from all over Texas and several believe it was a fireball.
3 Apr 52	0815	Muscle, Arizona	Several sources observed large object in sky. Object remained stationary. (Restricted) (See Appendix III.)	52 Min.	---	Hovered	High	Hovered	AF personnel	Puzzling. See Appendix III.
7 Apr 52	1710	Ft. Bliss, Tex.	Sources observed shiny object which hovered then appeared to disappear at high speed. (Restricted)	5 Min.	---	High	---	---	Civilians	No investigation. Lack of data. No conclusions.
7 Apr 52	1730	Ft. Bliss, Tex.	Source observed rectangular object about size of C-47. Object a dull white sprite.	---	---	---	---	---	Civilian	No investigation. Lack of data. No conclusions.
7 Apr 52	Daylight	Walnut, Miss.	Sources observed large white object "streaking" through the sky. No trail observed. (Restricted)	Several Minutes	---	High	Assumed low	---	CIC Agent	Probably large meteor or fireball. Several reports of similar object from Missouri and Tennessee.
8 Apr 52	0000-1300	Lake Meade, Nev.	Object appeared to be "red-hot without wings". (Restricted)	1 Hr.	---	Hovered	High	---	AF A/Cft	No conclusions. Lack of data.
8 Apr 52	2030	Duncanville, Tex.	Unidentified radar return. (Secret)	---	---	2958 K.	---	---	Radar Observers	Puzzling.
9 Apr 52	1430	Shreveport, La.	Two F-94 crews observed disc-shaped object. (See Appendix IV) (Restricted)	---	---	---	Below 10,000Ft.	Varied	AF Pilots	Puzzling. (See Appendix IV.)
9 Apr 52	2325	Hartford, Conn.	Object report to be large, elongated, and bluish in color. It traveled a straight course and disappeared over the horizon. Viewed from the top of a hillside. (Confidential)	2 Min.	---	High	---	225°	Civilian	Description similar to large meteor or fireball.
10 Apr 52	2013	Ft. Lauderdale, Fla.	Source observed silhouted shape brilliantly illuminated object almost trail moving at high speed. (Restricted)	---	---	High	---	270°	Ex-AF Pilot	Description similar to large meteor or fireball
10 Apr 52	2230	North Bay, Ont.	One bright amber disc was reported to have come into view from the southeast and moved across the RCAF airfield. It then stopped, reversed its direction, and disappeared. (Restricted)	---	---	High	---	225°	RCAF Personnel	Puzzling and/the information.
13 Apr 52	1245	Hurlburt, N.Mex.	Four observers observed circular object over station. Object traveled at high speed and made an abrupt turn. (Confidential)	Few Sec.	None	High	High	90°-270°	AF Airmen	See Appendix V.
14 Apr 52	2015	Anderson, Wis.	Source reported observing five to six objects in formation. Objects were yellowish-white. They came into view from the west, made a sharp turn to the SSW and disappeared. (Secret) (See Appendix VI.)	Few Sec.	None	High	---	90°	Civilian	See Appendix VI.
16 Apr 52	2010	Shreveport, La.	Object was circular and brilliant white, ten times the size of the brightest planet. The object was first sighted overhead. It traveled a straight course at high speed. It was on an original heading of 100° but made a 180° turn and took up reciprocal heading. (Restricted)	90 Sec.	None	High	---	100°-280°	AF Pilot	Rationale ball-on (unlisted) not in area. self seen low in East at time of sighting. Possibly balloon but no definite conclusions. Speed might be due to illusion of some type.

SIGHTINGS OF UNIDENTIFIED OBJECTS

#6

DATE	TIME (Local)	LOCATION	DESCRIPTION OF INCIDENT	LENGTH OF TIME OBSERVED	SOUND	SPEED	ALTITUDE	HEADING	SOURCE	ACTION OR COMMENTS
17 Apr 52	---	Point Hope, Alaska	Unidentified radar trails. (Secret)	---	---	---	---	---	---	Possibly Soviet overflight. (ADC evaluation)
17 Apr 52	2125	Ft. Hunter, Va.	Source observed bright white object with green trail East of Ft. Hunter at an elevation of 15°. Object traversed 90° in five seconds. Object traveled in flat trajectory. (Restricted)	2 Sec.	None	High	---	---	Army 1A Col	Description resembles that of a fireball or meteor.
20 Apr 52	1815	4-7 AFB, Dayton, Ohio	A bright white light was observed traveling through the air at high speed. Object appeared to be flat and low and did not make sharp darker flight. (Restricted)	15-30 Sec.	None	High	---	90°	AF Officers	Description resembles that of large meteor.
14 Apr 52	0130	Bethesda, Md.	Four observers saw 8-object group of lights. (See Appendix VII) (Restricted)	4-8 Sec.	None	High	---	360°	Civilians	See Appendix VII.
21 Apr 52	0105	LaCrosse, Wisc.	Source observed object which appeared to be rotating with fire center out of both ends". Observed through windshield during rainstorm. (Restricted)	---	"Sputtering"	---	---	180°	County Nurse	Object may have been light blurred by rain on windshield of automobile.
21 Apr 52	2015	Colorado Springs, Colo.	An object resembling a "flying wing" aircraft was observed. It appeared to have swept wings, 10 times larger than jet fighter, and had a luminous glow. Object was observed through bare tree branches. (Restricted)	5-10 Sec.	None	Moderate	Moderate	315°	Civilian	No conclusions. Insufficient data.
25 Apr 52	2010	Clovis, N. Mex.	Object seemed to be made up of many orange colored lights, sometimes fused, sometimes split. It would remain motionless at times and at other times would accelerate to high speeds. (Restricted)	5 Min.	None	High	---	135°	AF Flight Surgeon	No conclusions.
27 Apr 52	1300	Fenelon, Wisc.	Object was clear-shaped with no wings. It tore off reflection of the sun. (Restricted)	1 Min.	None	High	---	300°	Civilian - Ground Observer	Description similar to meteor.
27 Apr 52	2030 to 2230	Yuma, Ariz.	Objects appeared as bright red or flame colored discs slightly larger than fighter aircraft. 61-64 objects were sighted at various times. Some ten objects were in formation. Scattered overcast at 8,500 Ft., solid at 12,000 Ft. Observed from defensive sector.	Periodically for 2 Hr.	None	---	Below 12,000 Ft.	Varied	AF Tower Observer	No conclusions.
27 Apr 52	1130	Royal Oak, Mich.	Source observed small white object "similar to paper plate" in sky. (Restricted)	Remote	---	---	---	---	Civilian	No conclusions. Lack of data.
27 Apr 52	1700	Roseville, Mich.	Four observers watched several objects. Some of the objects were circular, some oval shaped. All were silver in color. They were observed with binoculars. (Restricted)	45 Min.	None	Varied	---	Varied	Four civilians	No conclusions. Too fast for balloons. No aircraft in the area.
27 Apr 52	2000	Selfridge AFB, Mich.	Source observed large bright flash of green light which persisted for 3-4 seconds. (Restricted)	3-4 Sec.	None	---	---	---	AF Intelligence Officer	No conclusions.
27 Apr 52	2305	Pontiac, Mich.	Source observed "huge" circular object very close to the ground. Estimated 200 Ft. in diameter.	---	---	---	200 Ft. (Est)	---	Civilian	Information entered[illegible] doubtful.
