

- D Location of observer at time of sighting.
- E Identification of other persons also observing the UFO.
- F Description of sighting (shape, colour, altitude, movement, number of UFOs, etc).
- G Duration of observation.
- H Any other relevant information.

It is not necessary for the observer to make an identification between a "fireball and meteorite observation" and a UFO. Unusual aerial sightings which can not be identified shall be reported as UFOs.
