5 January, 1983

Dear Art:

I was forced to postpone my visit in Canada during the first half of January by the following reasons:

Chouk Dunn, Chairman of the Chung-Hwa UFO Research Center in Taipei announced his visit in the middle of January, when a serious discussion will be made on our World Authority proposal to the nations and its promotion on the Far East.

I have already Major Hans C. Petersen Memorandum to the Prime Minister of Denmark, but I am expecting every day the 85 pages Memorandum to the West German Government, Bundestag (Parliament) and noted German scientists for the same reason. As far I was informed it was given to the printer before X-Mas and promised to be finished at the end of the year.

Both are very important to refer you during our discussion for action. By all means we will call you from Montreal.

Friendly and cordially yours,

C.V.K.
