

evidences, analysed photographs, movie films of the military superpowers' clandestine preparation and readiness for a spacewar against the UFO forces. The exhibited documentation verified for the public that the superpowers admitted that the UFO problem exist, they are real with galactic origin, and over the three decades our hostile behavior PROVOKED the recently existing situation, determined as "potential threat".

"Silent Interest" of the Secret Police

On September 24th in Frankfurt/ a.M. (Kolpinghouse) and 27th in Düsseldorf (Volkshochschule) my appointed security alerted me that secret agents are attending and recording my lecture.

In Düsseldorf, where the agent had forgotten to request my permission for recording - I informed him that my speech is available on German language, and in full length at the AUDIOWELT in Frielzheim. My Blue Memorandum and Potential Threat Package at the entrance.

BONN: - "We Are An Occupied Country..."

The result of the secret police survey, correctly the governmental action against the "BONNER UFO FORUM", on September 28 in the Bethoven Gymnasium's Auditorium in Bonn, was rudely childish and loud and clear PROHIBITED!

The Bonner UFO Forum was organized by the originator of the MEMORANDUM AN DIE BUNDESREGIERUNG - UFOs GIBT ES! Michael HESEMANN, journalist and student of the Göttingen University.

It was mailed out 530 invitations to all the members of the Bundestag - members of the parliament, -100; Ambassadors accredited to the Federal Republic of Germany, - 100 to high governmental authorities and 100 to the news and TV media, newspapers and magazines.

THE 830 INVITED PEOPLE WERE REPRESENTED IN THE AUDITORIUM:

- 3 FROM THE GOVERNMENT (obviously one agent of them)
- 2 FROM THE NATO,
- 3 NEWS REPORTERS, EIGHT!!!!

Mr Hesemann suggested to cancel the lecture regarding the lack of interest. "Lack of interest?! - Maybe whose' interest, that as for a central order the whole Bundesregierung would restrain themselves to study a "potential threat"? I deliver my lecture even ONE SINGLE PERSON WOULD BE PRESENT - because WE ARE IN reacted Hesemann fainted words. My feeling was correct. Shortly in a dark corner a reserved personality whispered in my ear: "Major?... don't forget, you are in an occupied country where the government is in Washington and not here in Bonn..!"

Does "some SECURITY" "stinks" around the GERMAN Bunte Illustrierte...?

On October 1st, when my lecture came to the end in the exclusive Penta Hotel in Wiesbaden, an enthusiast personality surprised me with his card: "Harvey T Rowe - BUNTE ILLUSTRIERTE", He was shocked from my speech, being read and heard about me. On my interview he received a reasonable amount of documentation, genuine photographs with my lecture. On the October issue of the Bunte Illustrierte where the DUIS Congress was presented - I WAS SHOCKED! NOT A SINGLE WORD ABOUT ME, EVEN THE USUAL CREDIT WAS ALSO DISREGARDED ON THE BOTTOM OF OUR PHOTOGRAPHS. (Mr. Rowe phoned me extra for captions to the photos!)
