Dear Friend,

We have been very busy here so I have not had time to write. We hope that your husband is now better and that your own health has improved. We are all fine, we have been busy with home improvements. We have not finished yet, bit by bit we shall have things as we want them.

I have received to day the fall 1970 issue of "Canadian M.F.O. Report." I enclose a copy of my letter to the Editor of the journal concerning the item on Pages 14-15 about Mr. Mathers and the Metal, together with the following remarks on their "Disappearing Stars" Pages 7-8.

"Concerning the Disappearing Stars"

Has it ever occurred to anyone that those objects may in fact be gigantic intergalactic and interplanetary space craft, self contained cities - could the "Planet" Vulcan have also been such a type of craft as present day
