

hardly be expected to cover the subject in much depth in only 35 - 40 minutes, but I do believe I have presented sufficient evidence to prove my thesis.

UFOS are ~~no~~ myth or passing fad.

They are here. What they are and where they come from is unknown, but they do exist.

So, even though we don't have one in a scientific lab, I believe we have sufficient proof in other forms that, whatever they are, they do exist.

What is your judgement - Fact or Fiction?
