P. O. Box 176

Dear Barry and Larry:

This letter is to follow up the paragraph in the last JUST CAUSE publication, Page 8, Number 13, September 1987, about my and others' receiving information from AFOSI Special Agent Richard Doty.

First, some corrections and clarifications.

1) "Majestic" is not the only reference I have heard for the UFO special studies group known as MJ-12. I have also heard "Majority," "Majic," "the Club," "the Committee" and 54/12. The letter-number combination is consistent with British and other intelligence organizations' longtime use of letter-number combinations as neutral titles for sensitive subjects. The confusion of different names could be another result of the disinformation and information-tracking plan used by MJ-12 since the 1940's to manipulate and confuse people investigating the UFO phenomenon.

2) The Nordic-type extraterrestrials, or "blonds," were known to me as the "Talls," in contrast to the small "Grays" or "Little Guys." (I believe the term "Higs" was used by Paul Bennewitz, Albuquerque.)

3) The time of my meeting with Mr. Doty was April 1983, not 1984. The location was the Air Force Office of Special Investigations (AFOSI), Kirtland AFB, Albuquerque, New Mexico. It was then known as AFOSI District 17. Later its designation changed to AFOSI District 14-06. Mr. Doty showed me an identification badge which named him as Richard C. Doty, Special Agent (SA), Air Force Office of Special Investigations. That matched the title and signature name on the now well-circulated 1980 Kirtland AFOSI documents concerning the UFO intrusions at the Manzano nuclear weapons storage area in Coyote Canyon at Kirtland.

In early 1983, I was working on the script for a documentary about the UFO phenomenon for Home Box Office (HBO). The meeting with Agent Doty had been arranged by Peter Gersten, the New York attorney working then with the Citizens Against UFO Secrecy (CAUS) which your publication represents. Attorney Gersten had met with Richard Doty and author/Focus publisher William L. Moore in Albuquerque on January 10, 1983. I understand Mr. Gersten also met privately with Agent Doty the following day. Mr. Gersten told me that Richard Doty had information about the 1977 or 1978 Ellsworth UFO landing (dates vary with different sources). Mr. Gersten said Agent Doty was willing to talk to me about Ellsworth and a meeting occurred at the AFOSI office at Kirtland Air Force Base, Albuquerque, New Mexico.

During the conversation, Agent Doty handed me some typed pages which were titled simply "Briefing Paper for the President of the United States" about the subject of unidentified flying vehicles. There was no designation of a specific president nor do I remember a specific date. Agent Doty said he had been asked by his superiors to show me the briefing paper, that I could ask questions, but could not take notes. The content described a series of crashed UFO discs at Aztec and Roswell, New Mexico; Kingman, Arizona; and a crash in Mexico. Extraterrestrial bodies from the downed crafts were retrieved and taken to laboratories for examination. The paper also described information from direct contact with the "Grays" about their extraterrestrial intervention and manipulation of the human race's biological, sociological and religious evolution. The paper outlined the government's efforts since the 1940's to ascertain the origin, nature and motives of the E. T.'s through Project Sign, Grudge, Gleam, Pounce, Blue Book and others and concluded with a list of some current projects: Sigma (communication with E.T.s), Snowbird (E.T. craft technology and efforts to fly one), Aquarius (overall research and contact program re: E.T.s) — and one "closed" project with a name similar to Garnet which involved the E. T. connection with human evolution.

Agent Doty said I was being shown the briefing paper because the government intended to release to me several thousand feet of color and black and white film taken between 1947 and 1964 showing crashed UFO discs and extraterrestrial bodies as historic footage to be included in the HBO documentary, supported with official government confirmation. The term "Ebe" was also used to describe the "Grays," a government acronym for "extraterrestrial biological entity/s." Agent Doty said I would be contacted by other people regarding security and screening arrangements of the historic footage.

I called the Director of the Documentary Department at HBO and told her about the meeting and the pending release of government film. She and I agreed that complete silence was warranted until actual film, photos or other evidence were forthcoming.

But by the end of May, Agent Doty informed me that the historic UFO footage would not be released until a later date because of some "political delays." He also informed me that he was officially out of the film project, but that others would continue to contact me. Without the promised film or at least official signed letters of intention to release the film, HBO unfortunately decided the documentary production phase should not go forward. That decision is perhaps what the government's goal was all along.

I had done the 77-minute "A STRANGE HARVEST" documentary about the animal mutilation mystery for the CBS affiliate in Denver. That film contained many first hand testimonies associating glowing discs and/or tripod marks with pastures where mutilated animals had been found in great numbers in the 1970's and tapering off in numbers through the 1980's in geographic areas as diverse as Canada, the United States, Mexico, South America, parts of Europe and the Canary Islands off the coast of Africa. It was implied to me between 1983 and 1984 that my documentary "upset" some government people who do not want UFOs and animal mutilations associated in public media. Thus, a logical conclusion is that MJ-12 did not want that same filmmaker who did A STRANGE HARVEST to focus on the UFO phenomena for a national TV audience.
