

By 1955 it became obvious that the aliens had deceived Eisenhower and had broken the treaty. Mutilated humans were being found along with mutilated animals all across the United States. It was suspected that the aliens were not submitting a complete list of human contacts and abductees to MJ-12 and it was suspected that not all abductees had been returned. The Soviet Union was suspected of interacting with them and this proved to be true. It was learned that the aliens had been and were then manipulating masses of people through secret societies, witchcraft, magic, the occult, and religion. After several Air Force combat air engagements with alien craft it also became apparent that our weapons were no match against them.

In November of 1955 NSC-5412/2 was issued establishing a study committee to explore "all factors which are involved in the making and implementing of foreign policy in the nuclear age". This was only a blanket of snow that covered the real subject of study, the alien question.

By secret Executive Memorandum, NSC 5411 in 1954, President Eisenhower had commissioned the study group to "examine all the facts, evidence, lies, and deception and discover the truth of the alien question". NSC 5412/2 was only a cover that had become necessary when the press began inquiring as to the purpose of regular meetings of such important men. The first meetings began in 1954 and were called the Quantico meetings because they met at the Quantico Marine Base. The study group was made up of 35 members of the Council on Foreign Relations' secret scholars known as "The Jason Society" or "The Jason Scholars". Dr. Edward Teller was invited to participate. Dr. Zbigniew Brzezinski was the Study Director for the first 18 months. Dr. Henry Kissinger was chosen as the groups Study Director for the second 18 months beginning in November of 1955. Nelson Rockefeller was a frequent visitor during the study.
