Mr. Arthur Bray
Ottawa

Dear Mr. Bray

I have been approached by the designer of " Man and his World" Section Pavilion : Strange World, to participate to this years exposition.

In a meeting last friday held at Man and his world we decided to expose the UFO-Problem to the public with all his implications.

I suggested to give you a special section concerning your Brief on Science Policy, also to introduce your study of the subject to the general public.

If you are interested , would you please let us know a.s.a.p.

We would need a foto of yourself for ex. backcover of your book also can we use Curriculum vitae see Science Policy page 80-65 ? Also your adress P.O.Box 5051 Station P Ottawa .

Beside your contribution Mr. Rene Fouere of G.E.P.A Paris will be mentionned, also A.P.R.O / N.I.C.A.P / F.S.R. / Canadian UFO-Report L.D.L.N.

I will present my investigations and one striking case, also configurations, movements etc of UFO.s

Mr. Erich von Däniken accepted already to furnish material for the historical section of extraterrestrial visitation.

Strange world Pavilion had been visited last year by over 500 000 visitors.

During my absence in Europe Mr. Philip Blaquiére of St.Jean Baptiste de Rouville near Beloeil P.Q. (he is a Farmer he grows chicken 27 000) made several investigations into the subject. He himself is a witness and a believer only since 9 months, but he has been approached by several Farmers in the region after having given a lecture with Mr. McDuff of Montreal, also a A.P.R.O -Nicap Member. During the next weeks we will conduct several investigations in 2 landing cases of last fall , one case Farmer with tractor, car lifted by UFO near St.Jean Baptiste etc.

Yesterday we had a meeting in Beloeil with 14 members of his family. His sister Mrs.Benoit of Berthierville P.Q. learned of a case seen by 2 Policemen of Provincial Police , two UFO.s near St.Jean de Matha near the town of Joliette. The sighting has been elaborated on radio only once last week of NOV!1972 further investigations were fruitless because silencing of 2 Policemen. But maybe we can obtain further information on that case throught Non-Meteor Sighting files at N.R.C.
