Dear Mr. Bray:

This will acknowledge your letter of September 19, 1972, addressed to Dr. Keyston. Dr. Keyston has recently moved to another post in NRC.

I am sorry to have to inform you that it has not been possible to make a study of the book "Harmonic 695" as you requested earlier. As I am sure you will appreciate, limitations on the National Research Council's resources prevent it from undertaking many of the interesting investigations which are suggested to it each year.

We do however appreciate your action in drawing this book to our attention and in donating a copy to the National Science Library.

Yours sincerely,

A.W. Tickner, Ph.D.,  
Secretary for Special Activities
