July 24, 1970.

To: Arthur R. Bray

Your entry: "Science, Society and the UFO."

Scientific UFO Research Award (Olavo T. Fontes Memorial Fund-APRO).

(Note: See attached list of entries and Board of Judges.)

I have just received word from the Chairman of the Board of Judges, Dr. J. Allen Hynek, that the winner of the Scientific UFO Research Award is the entry by Walter W. Walker and Robert W. Johnson. The title of their paper was "Further Studies on the Ubatuba UFO Magnesium Samples."

The paper considered second best by the Board of Judges was that by Robert S. Ellwood, entitled "Religious Aspects of UFO Movements in Southern California." The third paper was by Rene J. Hardy, entitled "The UFO Phenomenon and the Physical Universe." These two papers will receive Honorary Mentions and a plaque each. The first prize will consist of a plaque and a cash prize.

I regret that your entry was not included among the winners. We nevertheless wish to thank you for having entered your paper in the competition. Selection of the winners was conducted entirely by the Judges, who are not APRO members.

Thank you for your cooperation.

Yours sincerely,

Richard Greenwell
Assistant Director.

P.S.

Your paper will be returned
under separate cover.
