Dear Friend Arthur:

Many thanks for your summary information on your action, and its valuable enclosure. I means valuable, because the negative responses against the facts became POZITIVE IGNORANCE!

I am glad that the military forces at long last liquidated the voluntary scientific inquisitiveness, which over 30 years blindfolded the public to talking about something for nothing, to smokescreen the specialized military UFO scientists' extensive/and clandestine work. (See Blue Memo p.58)

Canadian gvm't's misinformation is quite obvious, because in continental defense the Canadian forces are in cooperation with USA (See Green Memo p.38-43).

The NRC statement in # 1,2, and 3 is reflecting their entire and dangerous unfamiliarity with the fundamental assignement of the Condon Committee correctly the University of Colorado, which sounds on page XVII as follows "that a scientific investigation of unidentified flying objects conducted wholly outside the jurisdiction of the Air Force..."

As far the Project Blue Book should be concerned, Blue Memo p.33,34 definitely states "Moreover, reports on unidentified flying objects which could effect national security are made in accordance with JANAP 146 or Air Force Manual 55-11, and are not part of the Blue Book system (Atch 10)". Janap-146 is US and Canada Forces!

How could your NRC deal, even mention "military security implications" of a simpleton scientific investigation upon unauthorized "private" mainly weekend coffee-clatsches, -and which never had any idea even how a gun looks like!

When for your military forces-the Presidential Memo's enclosure # 11 (Cuban Mig 21's annihilation) and 13 (Binn Korea Hawk battery) even Lt. Col. Coyne statement before the United Nations(12)-are NOT A POTENTIAL THREAT"ON YOUR NATIONAL SECURITY;- then your generals military knowledge should be lower in value as a "private" before he enter in the military service.

My tour in Europe was a total success. I visited 10 countries, I was featured speaker at 4 congresses, hold 14 public lectures, 48 conferences meetings, 18 radio and media interviews, 3 TV appearances. In Luxemburg was produced a 1 hour UFO documentary, by the TV Luxemburg. I traveled 65 thousand km, including the flight between US and Germany.

I had an 1 1/2 hour audience with the Bundespresident of Austria in the Hofburg (King's Castle). I lectured on the Brumoski AF Base for the
