

groups. Many of these are contradictory and deny the reality of UFOs (simply by ignoring the evidence) but when you dig deeply enough, and for long enough, as I have done, the truth emerges. It is facts from such sources which prove the existence of UFOs, although we still don't know for certain exactly what they are or where they originate. I will show you some of these documents today so that you can make your own judgement as to whether UFOs exist or not.

UFOs vs IFOs

Define UFO/IFO & differentiate between them.
