

with the notorious "security risk" for scientists! This governmental denunciation over my lifetime prevented me to have any career job at reputable firms in the United States.

**Behold!** See the evidence of the United States Department of Justice impeachment! - From 1966, only 25 classified indictments on my activities, to prevent humanity from the recent horrifying reality - President Ronald Reagan and Gen. Secretary Gorbachev's Star War Declaration. It sounds:

**"All the material pertaining to you is classified, in the interest of the (U.S.) national defense and foreign policy."**

This judgement is the hardest core allegation of the Superpowers aggressive four-decades of UFO policy on their military confrontation cover-up, - against the Star Peace.

### **1967 - 24 Nations Milestone for the "Star Peace"**

It is remarkable that in 1966, only one UFO pioneer couple in all the world realized the provocative and potential power of United Nations Secretary General U Thant's UN UFO Project. They were the intransigent Karl and Anny Veir, presidents of the DUIST e.V. in West Germany. The Memorandum and ensuing actions were immediately on the headline on their monthly UFO Nachrichten!

On November, 1967, they organized one of the largest - 24 nations - International UFO Congress of Scientists and Researchers in Mainz, West Germany. It was chaired and honored by the only living space pioneer, Prof. Dr. Hermann Oberth, the renowned "father of astronautics and rocketry".

This Congress, attended by 1,500 people, laid down the **Second Milestone of the Star Peace**, which condemned and confronted the nations' delusive UFO policy. The Mainz UFO Declaration, backed by large militarily analyzed

evidences (which were silenced by the media), resolved and declared:

**"UFOs are identified vehicles from outer space, and that is a vital problem of the entire world. All nations must unite and solve this problem for the benefit of the humanity, and our peaceful relationship in outer space."**

The declaration secured on the spot a strong military ally from Scandinavia, the Royal Danish AF Major, then with NATO, Hans C. Petersen of Copenhagen.

Dear Colleagues in UFO Research: All of us must be proud that the Mainz UFO Resolution was created and developed by persecuted ufologists! It was approved by the Chairman of the U.N. Committee on Peaceful Uses of Outer Space, which on Nov. 1985, by the confidential talk of the Geneva Summit became awarded a real milestone in the history of the Earth's Space Age.

### **1952-1988 - The Masterminds**

The UFO forces' supreme grand strategy and tactics to carry out their assignments have never respected the boundaries - ground, coastal, and aerial defense of any nation, whether they were mighty, mid or small powers. Their strange and open operations have fundamentally endangered the US and Soviet Space programs. Furthermore, the governmental cover-up policy generated against the "Unknown" an increasing flurry of the populace, which has been inflamed by the proliferating and exaggerated UFO "boulevard" literature and journalism, and obviously by the "Space Sex".

In 1952, to conceal the armed defense, the CIA "masterminds" assisted the federal government to solve the problem of the public turmoil. They referred:

(3) A national policy should be established as to what should be told the public regarding the phenomena in

order to minimize the panic."

(c) CIA develop and recommend for adoption by the national security council a policy of public information, which will minimize the panic.

### **Public Delusion MASTERPIECES:**

1955-69. The USAF UFO CONFESSIONAL - alias Project Blue Book. - To calm the public and restore their confidence in peaceful space exploration, and the nation's security, the USAF opened a Project Blue Book. It was a chance for everyone to report their UFO observations and experiences. A large amount of UFO data were collected from domestic and foreign relation sources. The CIA's whispering propaganda additionally brainwashed the people that Project Blue Book was established to save humanity from a Space War. The naive public believed in it.

Let me introduce these Saviors of Mankind: a lieutenant, a staff sergeant, two women secretaries, and in the middle their vicar, who gave the Confessional Blessing for all the UFO reporters: Major Hector Quintanilla.

### **Master of the World Deception**

United Nations Secretary General U Thant, and the Member Nations in 1966 were convinced, that the Colorado University's scientific study of UFOs had been established to supervise the Pentagon UFO File trustworthiness and credibility, which would liquidate the media generated UFO fever.

Only 3 years later the Report's Preface, written by University's Vice President, Thurston E. Manning, - exposed how he was hoodwinked in 1966, because the Committee was assigned to study the UFO phenomena "wholly outside the jurisdiction of this force". Namely, "outside the jurisdiction" near the scientific study of the hundreds of

UFO weekend clubs, news clipping collector hobbyists, and hereby discredit the respected NICAP and APPO valuable UFO research. - Evidence:

On February 20, 1967, before the Committee started, the CIA gave Dr. Edward U. Condon, Committee Director, the necessary guideline and instruction. **"The Meeting was secret."** No comments on the misrepresentation of the nations!

Well, in UFO research all roads lead to the USAs Rome - as we learned - the omniscient and omnipotent CIA!

### **1968 - Armed Frustration and the Question of Survival**

The two decades of armed confrontation against the technologically superior Galactic Forces, resulted in the total collapse of the Earth's military defense. Scientific and political speculations for Humanity's Space Age - became Bankrupt!

Upon this military frustration to comprehend the real grounds, in 1968, President L.B. Johnson requested a Summary Report from the top-secret National Security Agency. The report on the UFO Hypothesis and Question of Survival was a paralyzing presentation of the existing facts! It was the strongest evidence, which urged the necessity of revealing sincerely before the nations the existing problem of the Galactic Powers' Earthbound operation, and assume our "pro" or "con" attitude to it.

Fundamental Establishments of the NSA Report: Discussing the Extra-Terrestrial hypothesis for UFOs, the report indicates that in case of an escalated "Space War" - **"To some eminent scientists this hypothesis can not be disregarded ... (because it) has a number of far reaching Human Survival Implications."** Some of these are:

a. Human history has shown us time and time again the tragic results of a confrontation between a technologically superior civilization and a tech-
