

It was a real shame that after 30 years amongst all the nations ONLY a 20 years old German student of the Göttingen University MICHAEL HESEMANN, an other 20 years old Austrian graduate HELMUT HAJEK assisted by Karl GRUEN, an UFO Pioneer AF Major HANS C. PETERSEN in Denmark, and a Canadian UFO pioneer Lt. Commander ARTHUR BRAY, were able to realize the above logical facts, and ENCOURAGED upon the basis of military documents for a Memorandum to the government of the Federal Republic of Germany, Republic of Austria, the Skandinavian States and Canada. THEY DEMANDED CONSTRUCTIVE AND EFFECTIVE ACTIONS BY CALLING AN INTERNATIONAL SECURITY CONGRESS TO CLEAR UP AT LONG LAST THE ACUTE UFO PROBLEM, AND STOP ANY FURTHER FORMAL AND SCIENTIFIC GOBLEDYCOOK TO MISREPRESENT THE PUBLIC.

The first and further series of governmental action was started by Major Ret. VonKeviczky in the year of 1966, at the United Nations. (Consult on his activity the U.N. General Assembly 32nd Session's Verbatim Record, SPC meeting on 28 November 1977)

One of his strongest action was on January 29, 1980 before the British House of Lords UFO Select Committee where he referred:

"LIFT UP THE MILITARY SECRECY ONLY ON THE UFO LEVEL, WHICH WITH ONE BLOW WOULD OPEN AN ENORMOUS PERSPECTIVE TOWARD THE SOLUTION OF THE PROBLEM - WITHOUT THE SMALLEST DAMAGE UPON EACH NATION'S OFFICIAL MILITARY SECRECY."

His final action - based on the suggestion of the military authorities of European nations - was in 1981, the noted Memorandum addressed to President Ronald Reagan, which became responded with a shoking reinforcement of the NSA 1968's and the State Department 1978's statements (p.#1) upon the steaming "potential threat" to the nations.

Over three decades the "INTERNATIONAL CONSPIRACY" which thwarted the solution the UFO problem, has been SILENCED THE PRESIDENT OF UNITED STATES! - This matter of fact resulted Major Ret. C.S.VonKeviczky, MMSE, Director of ICUFON UFO Crusade to alert the European nations for action.
