Department of National Defence,

Dear Mr. Chaplin:

Thank you for your letter of July 6, 1976 concerning the
DND files on Unidentified Flying Objects.

Under the circumstances mentioned, the arrangement you
propose will be satisfactory to me.

I was hoping to also see the internal departmental
correspondence as such material is important to my research.
It is regretted that this is not possible.

I look forward to hearing from you later in the year when the
file will be available for my study. Thank you for your
co-operation.

Yours sincerely,

Arthur Bray.
