For some weeks there have been numerous reports of strange rocket like missiles being seen in Swedish and Finnish skies. During past few days reports of such objects being seen have greatly increased. Member of Legation saw one Tuesday afternoon. One landed on beach near Stockholm same afternoon without causing any damage and according to press fragments are now being studied by military authorities. Local scientist on first inspection stated it contained organic substance resembling carbide. Defense staff last night issued communique listing various places where missiles had been observed and urging public report all mysterious sound and light phenomena. Press this afternoon announces one such missile fell in Stockholm suburb 2:30 this afternoon. Missile observed by member Legation made no sound and seemed to be falling rapidly to earth when observed. No sound of explosion followed however.

Military Attache is investigating through Swedish channels and has been promised results Swedish observations. Swedes profess ignorance as to origin, character or purpose of missiles but state definitely they are not launched by Swedes. Eyewitness reports state missiles came in from southerly direction proceeding to northwest. Six units Atlantic fleet under Admiral Hewitt arrived Stockholm this morning. If missiles are of Soviet origin as generally believed (some reports say they are launched from Estonia), purpose might be political to intimidate Swedes in connection

with Soviet pressure

with Soviet pressure on Sweden being built up in connection with current loan negotiations or to offset supposed increase in our military prestige in Sweden resulting from the naval visit and recent Bikini tests or both. Soviet political pressure on Sweden in connection with Baltic refugees here has, as recently reported to Dept, been considerably stepped up.

The following is the text of telegram no. 1338 dated August 29 from our Legation at Stockholm:

"Depts 1398, August 27.

"While over 800 reports have been received and new reports come daily, Swedes still have no tangible evidence. Full details of reports thus far received have been forwarded to Washington by our Military and Naval Attaches. My own source personally convinced some foreign power is actually experimenting over Sweden and he guesses it is Russia. He has promised to notify me before anyone else if anything tangible should be discovered."
