Pasadena, California 91105

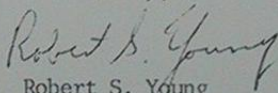

Dear Mrs. Druffel:

Thank you for your letter of 5 February 1975 calling to my attention that the declassified Robertson Panel Report (also referred to as the Durant Report) was missing Tabs "B" and "C". The initial declassification review of the report was made on a copy that was shy the two tabs. A complete report has been located and the review of Tab "B" has been completed. It cannot be declassified but is releasable in a sanitized version. A copy is enclosed herewith.

Tab "C" is still under review. You will be notified promptly of the results of that review.

In view of the inconvenience caused you and because of the small amount involved, I am waiving the additional copying charges for Tabs "B" and "C". Your check is returned herewith.

Sincerely,

Robert S. Young
Freedom of Information Coordinator
