July 31st 1971.

Mr. Arthur Bray,
Bray Book Service,
PO Box 5051, Station F.,
Ottawa, Ontario, Canada.

Dear Arthur,,

I refer to my last letter to you ,dated June 10th 1970 and regret not having heard from you since.

So at long last I forward amount of Ca. Dollars 22.90 which is in Australian Currency Dollar 20.40, as per bank information. I send it not knowing your bank by international Money Order to PO Station F., Ottawa, trusting that your PO is thus named. This amount is in accordance with your last letter to hand, dated April 25th 1970, if not right please let me know, so it can be fixed up. Thanks.

Here is still great UFO-Interest, a series of articles brought so far over fifty enquiries, two parts nearly forty and twenty. Not bad. Our last public meeting was attended by over 170 people. Newspapers and Radio & TV Stations bring news lately galore.

Had last week the pleasure and honour to be elected President of the British Astronomical Association, NSW Branch, Sydney Observatory, in spite of my UFO-Connections.

I feel some more paperbacks of your book can be sold, if still to hand. Let me know your ideas in this matter. Trust to hear soon from you. Regards for now.

Yours sincerely

Bill

PS. Please note that a tached Moneyorder Part is only a receipt, you will get notified through your Post Office in about ten days or so.

Forgot all about your letter of March 6th 1971, the review copy sent to you was naturally a complimentary one. Had also copy of the USAF text from the USA Meteor Society. Made 3 Xerox Copies to circulate, the original is just as with you a very valuable library addition.
