September, 1983

Dear Contributing ASSOCIATE,

Thank you very much for your recently received contribution to the Center for UFO Studies. We are grateful for your support.

Your gift of ~~\$30.00~~ ^{\$35.00} qualifies you as an ASSOCIATE of the Second Kind, the support level for sharing two benefit publications mailed throughout the world by CUFOS. You will receive on alternate months the INTERNATIONAL UFO REPORTER and the ASSOCIATE NEWSLETTER for a year. Check your mailing label for renewal dates.

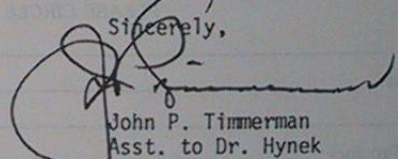

You may decide to increase your contribution in order to move to an ASSOCIATE of another kind. When you do, we will adjust your eligible benefits accordingly for the qualifying period. Those other levels and benefits are explained in the enclosed brochure.

Please advise your interested friends that they are welcome to join you in this interesting study by becoming an ASSOCIATE. You might ask them at this time to match your contribution to the next level, then share reading the above periodicals plus the JOURNAL OF UFO STUDIES with them for your year of association. It is more interesting to discuss this subject with a well-informed friend.

Back-issues of all previously published material are available and are listed on the enclosed information sheet. Other publications are listed on the current booklist from our UFO Information Service.

The financial support you are giving us will help pay for the collection, investigation, and study of UFO sighting reports. It is our hope that the resulting high-quality evidence will lead to an understanding of the reported UFO phenomena which have remained some of the most baffling mysteries of our time.

Sincerely,

John P. Timmerman
Asst. to Dr. Hynek
