Sept. 15-1950

Notes on interview through L/C. Brenner with Dr. Robert J. Sarbacher.

WBB: I am doing some work on the collapse of the earth's magnetic field as a source of energy, and I think our work may have a bearing on the flying saucers.

RJS What do you want to know.

WBB I have read Scully's book on the saucers and would like to know how much of it is true.

RJS. The facts reported in the book are substantially correct.

WBB Then the saucers do exist?

RJS. Yes: they exist.

WBB Do they operate as Scully suggests, on magnetic principles?
