SECURITY MATTER - C

(b)(7)(c)

Re Cleveland letter to Bureau dated April 1, 1952.

Re Cleveland letter to Bureau dated April 19, 1952.

The following information was taken from the San Diego files under the caption GEORGE ADAMSKI, wa. Professor George Adamsky, George A. Adamsky:

(b)(7)(d)

On September 5, 1950, Mr. [redacted] San Diego, advised the San Diego Office that he first met ADAMSKI about three months ago at the cafe which is named the Palomar Gardens Cafe, owned and operated by ADAMSKI, at the road junction, five miles East of Rincon, California, at a point where the highway branches off leading to Mount Palomar Observatory. [redacted] advised that ADAMSKI has four or five women working in the cafe and according to [redacted] business does not warrant the employment of four or five persons.

(b)(7)(c)-(d)

[redacted] stated that on August 20, 1950, the occasion of his last visit to ADAMSKI's cafe, he, [redacted] and a [redacted] of San Diego, became involved in a lengthy conversation with ADAMSKI during which ADAMSKI told them at great length of his findings of flying saucers and so forth. He told them of a space ship which he said he saw between the earth and the moon, which he estimated to be approximately three miles in length, which was flying so fast that he had to take about eighty photographs before he could get three of them to turn out. At this time, ADAMSKI showed [redacted] and [redacted] a number of photographs which he has taken of what he purports to be flying saucers. [redacted] commented that one of these photographs was published in the "San Diego Union" under the caption of "What is it?" ADAMSKI stated he had first submitted this particular photograph to the Navy but when it appeared they were not interested, he, ADAMSKI, released it for publication in the "San Diego Union".

(b)(7)(d)

According to [redacted] ADAMSKI stated that the Federal Communications Commission, under the direction of the "Military Government" of the United States, has established communication with the people from other worlds, and has learned that they are
