Dear Interested UFO Reader:

If you have been reading the CUFOS ASSOCIATE NEWSLETTER, the Center for UFO Studies benefit periodical which is mailed every other month to CUFOS ASSOCIATES of the Second and Third Kinds, you will recognize the four photographs described on the other side of this letter. They were some of the many interesting cases presented to our ASSOCIATES over the last several years.

We have often regretted that we are presently unable to offer our INTERNATIONAL UFO REPORTER and our CUFOS ASSOCIATE NEWSLETTER in color, rather than in black and white. This letter announces a new service whereby color copies of enlarged prints will be made available to interested ASSOCIATES and others, as we are able to do so, from among the cases we receive for investigation.

There are many unusual IFOs which may be of interest to our readers and some of these may be made available at a later date.

With these first four, we will send copies of the articles which described the cases. You will have details to discuss with your friends when you show them these photographs by Jim Ferguson, Franklin Youri, Lou Blackburn and James Allen. Also, you will know that your purchase of these photographs will contribute funds to continue the study of many other cases coming to the Center for UFO Studies.

As an ASSOCIATE of CUFOS, you will be able to read about many of the most interesting of these cases in the benefit periodicals you will receive as our "thank you" for your financial assistance.

Use the form on the reverse of this letter to order your photographs and to become or to renew as an ASSOCIATE of the Center for UFO Studies. Details regarding the levels of ASSOCIATES will be found on the enclosed application envelope.

Gift orders for others will be given our immediate attention and a card with the donor's name will be enclosed with the latest copies of those periodicals your friend will be receiving as a guest-ASSOCIATE of CUFOS.

In order to reduce our costs for this mailing, additional information regarding the Center for UFO Studies has been omitted. If you would like to receive other information, please indicate this on the Application envelope.

On behalf of Dr. J. Allen Hynek, our Board of Directors and our many active ASSOCIATES throughout the world, I invite you to join us in this very interesting undertaking.

John P. Timmerman, Chairman
