CONCERNED RESEARCHERS WARN ALL NATIONS: "CEASE FIRING AT UFOS OR RISK A WAR IN SPACE!"

The heads of two international UFO organizations issued a warning to all nations of Earth that continued attacks upon UFOs (Unidentified Flying Objects) by terrestrial military forces might well provoke a Global Pearl Harbor.

Major (Ret.) Colman S. VonKeviczky, director of Intercontinental UFO Galactic Spacecraft Research and Analytic Network (ICUFON) and Jerome Eden of the Planetary Professional Citizens Committee (PPCC) said in a joint statement directed at the Superpowers as well as all national leaders, "An Interplanetary War is not science fiction, it is scientific fact. Many nations have already lost military aircraft and personnel as a consequence of military confrontations with visitors from outer space. Unless we immediately stop such senseless provocations, the whole world may soon witness stunning retaliations which will make the recent Falklands war look like a Sunday picnic!"

Both organization leaders back up their grave warnings with the following documentations:

1/ A letter from the U.S. National Security Council admitting the reality and urgency of the UFO threat, and later branded a "mistake";

2/ An affidavit attesting to the fact that the Deputy Director of the U.S. State Department, Office of International Security acknowledged the "UFOs potential threat" from outer space;

3/ Massive UFO documentation in the form of Memorandums and declassified Pentagon files proving the seriousness of the UFO problem - material sent to
