Dear Mr. Wallace:

Further to recent correspondence on the subject of UFOs, I am now seeking further information, in this case related to certain files of the former Department of Transport.

I am aware that the unclassified files on UFOs were transferred to the Department of Communications and I have perused them in that Department. However, a notation in one of those files refers to two secret files of D.O.T., namely:

file 22-2-29, which contains sighting reports,

file 22-12-33, "Project Magnet" (the physics of the subject),

My questions are:

1. Where are these files now located?
2. Are they still classified "secret"?
3. If so, why?
4. When will they be declassified and made available to serious researchers?

I look forward to hearing from you.

Yours sincerely,

Arthur Bray.
