Dear Hank:

I want to thank you very much for the publication of the Dept. of Education which you sent to me, containing the reference to my book. It was very kind of you, and much appreciated.

Yes, I do have a copy of the Bibliography put out by the Library of Congress. It certainly is very comprehensive.

Sorry that I have no information on sightings in your area of interest that you had not already indicated you were well aware of. In fact, you knew of more than I did, so you are way ahead of me on that score. I will, however, keep you in mind for any future sightings in the area around Pembroke, in the event you may miss some of them. Re the Quebec power cut, I have seen no indication of any connection with UFOs, but that of course means nothing.

Again, thanks for the booklet you sent, and a very happy Christmas season to you and your family.

Sincerely,

Art Bray
