Dear Arthur:

Would you consider making a free review copy of your UFO book available to me? Canadian Forces Press provides reviews on military topics current and historical for 57 service newspapers and 11 service radio stations. It should help your sales if I did something. My only regret is, with a husky Newfoundland wife to feed and nine children, I can't afford to actually buy one from you. A review would do a lot more for your sales anyway.

Sincerely,

Howard C. Wallace
