

TIRE TRACKS IF ANY AT BOTH SITES HAVE YET TO BE LOOKED FOR AND EVALUATED.

WHEN SEEN UNDER THE LEDGE FULLY VISIBLE, THE SHIP LOOKED MONSTROUS. APPROX AN ESTIMATED DISTANCE OF 300 TO 400 FT AWAY TO THE EAST SAT A SAUCER - SIZE YET UNDETERMINED, MORE THAN 18' DIAM. APPARENTLY ON GUARD OVER THE WRECKAGE.

THE SHIP DID NOT BURN AS A FUELED FIRED JET FIGHTER RATHER THE RESULTANT RADIATION REACTION SIMPLY VAPORIZED AND ATE UP THE REACTOR ENCLOSURE AND SURROUNDING FUSELAGE METAL.

NO HEALTH MEASUREMENTS OR MEASURES WERE OR ARE BEING TAKEN NOR HAS ANY OFFICIAL NOTICE BEEN GIVEN. IT IS NOW REALLY TO LATE FOR THAT.

THE NAVAJO RIVER WHICH JOINS THE SAN JUAN WHICH FLOWS INTO NAVAJO LAKE NEAR FARMINGTON WILL CARRY RESIDUE DOWNSTREAM CLEAR TO THE NEW MEXICO WEST BORDER ON DOWN THRU THE ZUNI ETC.

THE SNOWS UP THERE CAN BECOME TWELVE TO FOURTEEN FOOT OR MORE DEEP. WHAT HAPPENS WHEN IT BLOWS DOWN TO THE VALLEY NUCLEATED WITH ^{RADIATION} RADIATION COMPONENTS? WHAT HAPPENS WHEN IT MELTS? ALL RUNS OFF TO THE NORTH, WEST AND SOUTH. WHAT HAPPENS THEN?

THE ODDS ARE THERE HAS BEEN MORE THAN ONE CRASH UP THERE. THIS WOULD MAKE TWO THAT I AM AWARE OF - ONE BASED UPON UNRELIABLE INPUT AND CONJECTURE - BUT THIS ONE? NO.

I HAVE OBSERVED THE FULL PLAY OF THIS UNBELIEVABLE NEAR SCIENCE FICTION SCENARIO START TO FINISH.

THE THING THAT IS MISSING ^{IN} BOTH THE CASH-LANDRUM CASE AND NOW IN ^{THIS} THE FIERY CRASH HAS BEEN MORAL JUDGEMENT. ONLY MORAL IMMEDIATE ACTION CAN BE TAKEN AT THIS POINT. IT MUST NOT BE ALLOWED TO SLIP PAST. WITH THREE MILE ISLAND, ALL DESTRUCTION WAS BEHIND THICK GUARDED WALLS AND UNDERWATER AND UNOBSERVABLE. THIS ONE IS NOT. IT IS LIKELY IT IS FAR WORSE.

THERE IS ANOTHER KNOWN DELTA WING SHIP UP THERE AND IT IS LIKELY MORE ARE FLYING. WHERE DOES THE NEXT ONE IMPACT? LA? CHICAGO? SOMEHOW WE NOW HAVE TO FERRET THOSE OF OBVIOUSLY BAD MORAL JUDGEMENT OUT OF THE BUSHES EVEN TO THE EXTENT OF A CONGRESSIONAL HEARING AND ACTION NOW !! WHAT IS AND HAS BEEN THE EXPOSURE LEVEL UP THERE IN DULCE, ON THE HIGHWAY, IN THE CANYONS WHERE INNOCENT PICNICS ARE HELD?

ALPHA AND PLUTONIUM SPILL BY FIRE IS IMPOSSIBLE TO CLEAN UP. NOW, A YEAR OR TEN YEARS FROM NOW. IT WILL AND CAN CREEP INTO EVERY CREVICE UP THERE BLOWN HELTER SKELTER BY EVERY WIND THAT COMES ALONG. WHAT NOW? WHAT IS THE CONDUIT OF ACTION? INPUT DESIRED.
