Dear Art,

The last three months for me has been a rather hectic time and I am just now getting back to a more normal routine. My wife Peggy passed away on Nov.30th following a brief illness, it was not unexpected but how does one prepare emotionally for such circumstances?

Fortunately I had the two families and many friends providing support along with our four children. I spent the Xmas holidays in Vancouver and have just returned from a two week vacation in the relaxing climate of Jamaica.

In mid Nov. I met with Jean-Pierre Plouffe of Laval, P.Q. and a number of his colleagues to discuss the UFO situation in general and the most recent activities. Fortunately they were all bilingual.

The reported incident by R.E. Meyer was provided to me by Jean-Pierre along with the suggestion of your possible interview of Meyer. Could you arrange a meeting with him to obtain further details and request the enclosed MUFON form be completed. Indeed, a most interesting report!

Do you have access to RCMP UFO files (see enclosed Gold River B.C. incident)? One of the investigating officers was Cst. K. Kimler of the TAHSIS Detachment. NRC File N88-9,7 Feb.

That about wraps it up for now Arthur - if there are any questions, give me a call at the above number, leave a message as to the best time for me to return your call. In the meantime, best regards to your family,

Cordially,
