know is there."

There is a lot of serious work that needs to be done in order to put flying saucers into focus, and the SBI is on the go. "I think the reason we got our membership over 1,200 in such a short period of time," said Fillow, "is because of the way we've handled the situation. We didn't walk in and start making jewelry, pendants and UFO T-shirts. We started legitimately and said, 'Look, we want to find out what is going on here. The phenomenon is not going to go away.' We took the bull by the horns and faced the problem head-on."

If you happen to spot a UFO, you can call the SBI's 24-hour service at either of these phone numbers: (212) 356-6696, or (201) 254-1224. Or you can write to: The Scientific Bureau of Investigation, 23 Mac Arthur Avenue, Staten Island, New York, N.Y. 10312.
