

January 10, 1968

The Chairman,
The Canada Council,
140 Wellington Street,
Ottawa 4.

Dear Sir:

Enclosed is a copy of a book titled Science, the Public and the UFO, by Arthur Bray, published by Bray Book Service on December 6th, 1967.

The author has some important things to say in this work about science in general, as well as in Canada, and deals particularly with the inability of science to come to grips with the great world-wide problem of Unidentified Flying Objects. He also suggests how Canada should approach this matter. In view of the nature of this work, and its serious implications, it is considered that The Canada Council may find it of interest.

Yours sincerely,

A.R. BRAY
