Dear Sir:

The November-December 1970 issue of the APRO Bulletin has not reached me, although an acquaintance in Ottawa received it about ten days ago. I can only assume mine was lost in the mail. Could you please send another copy to me?

I noticed in my friend's copy an item about a photo of two UFOs which appeared in the Algonquin College "Telescope" in November and you stated that you hoped someone in the Ottawa area would investigate this case. I investigated this immediately after the photo appeared and confirmed that it was a hoax. This was admitted by the photographer. This was why I did not bother to report this photo to you.

Very sincerely,

Arthur Bray
Field Investigator
