Dear Friend: I regret having taken so long to answer your request for information but our editor, Mrs. Lorenzen, has been very ill, and we were hoping that in time she would be in a condition of health that would permit her to resume her duties as editor and memory bank for publishing the bulletin. Since this now appears to be an impossibility, with her doctor advising a complete rest from any responsibility, we have no choice but to thank you for your interest, tell you of the other UFO investigating organizations you might wish to join, and recommend a list of excellent books for you to read.
