

THE SENATE
CANADA

OTTAWA, December 5, 1969.

Mr. Arthur Bray
1187 Agincourt Road
Ottawa 5, Ontario.

Dear Mr. Bray:

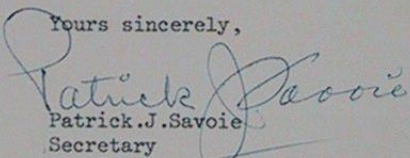

I acknowledge receipt of your letter dated November 25th.

You are correct in your assumption that your brief, although not presented at the hearings, would be published in the proceedings of the Committee. I have already sent several of these briefs to the printers and I expect to forward yours some time during the next week.

One of the delays in printing of these briefs was due to the fact that it was necessary to have the brief re-typed.

In answer to your query - you may release the contents of your brief to the general public on Thursday, December 18th, 1969.

Yours sincerely,

Patrick J. Savoie
Secretary
Special Committee on Science Policy
