

a/ The recent military secrecy and rash confrontation upon the superior science and technology of the exploring space civilization(s) constitute an INSANE ACT. - Speculating that we will gain by hostile action against them is, simply stated, an IRRESPONSIBLE GAMBLE WITH THE EXISTENCE OF OUR CIVILIZATION. (BM 85, par.3, and 132, par.4.)

b/ To seek and establish contact and communication with the exploring forces of the Galactic Powers is the only logical and common sense solution to the decades-long deferring UFO problem. (BM 114-122)

A face-to-face contact could bring immeasurable possibilities for the Earth, e.g. new energy sources, a revival in sciences and technology, etc., not only for the United States but for the whole of mankind.
