

NOTE TO APPLICANT:

Please complete the questions below in BLACK TYPE before submitting to appraisers listed in item 8 of the application form. You may use an additional sheet if necessary.

AVIS AU CANDIDAT:

Avant d'envoyer cette formule à vos appréciateurs mentionnés à l'article 8 de votre demande, veuillez répondre aux questions ci-dessous. Vous pouvez ajouter une page au besoin. Prière de dactylographier EN NOIR.

Short title of project:

Titre abrégé du projet:

The Community Views The Unidentified Flying Objects Enigma

Objectives and scope of project:

Objectifs et envergure du projet:

An in-depth study of the Unidentified Flying Objects (UFO,s)Phenomena and it's significance to the modern human experience.Through a combination of personal interviews,on-site investigations,perusal of local news media coverage and correlation with informed sources in such areas as weather observatories,local utilities people,etc,I hope to present a comprehensive report on the scope and impact of the UFO Phenomena as it relates to selected communities in Ontario or the Provincial boundaries thereof.

The finished report will be made available to three Canadian journals, one being bilingual,which should provide exposure to a broad national spectrum.

Due to the unpredictable nature of such events and the geographical area concerned,no definite location can be pre-determined although past events do indicate a rural or suburban setting.As this project requires extensive rapport from within the communities,temporary accommodation will be sought therefore a subsistence allowance is essential.
