The Bureau has received a letter dated August 2, 1956, from [redacted] Seattle 99, Washington. [redacted] makes reference to a previous letter he wrote to the Bureau on 6-26-56 in which he asked several questions concerning Mr. Adamski's book on flying saucers. We referred him by an in-absence letter to the Better Business Bureau at Los Angeles, California, feeling it best not to go into the matter with [redacted]. In this regard, reference is made to Jones to Nichols memorandum dated July 10, 1956, under the same caption.

The thing bothering [redacted] is Adamski's claim that he was visited by three FBI Agents and warned to desist in making statements relative to flying saucers or else face arrest. Bufile 100-395273 reflects that we had Agents contact Adamski on two occasions, both times to emphatically inform him he must desist from inferring that he has any type of approval from the FBI relative to his flying saucer statements.

[redacted] in his present incoming letter, states that he wants to publish an impartial report on flying saucers but states that it is imperative that the FBI answer the question about Adamski being threatened by FBI Agents. The tone of [redacted] letter is argumentative, and he warns that he will quote in his report any information given to him by the FBI.

Since it appears that [redacted] is going to be rather persistent about this matter, it is felt that we should have Agents contact him and explain to him that although we did contact Adamski, it was merely to suggest he desist in inferring that the FBI cleared his material on space travel.

RECOMMENDATION:

RECORDED - 96

That letter from [redacted] not be acknowledged, but that the attached letter go out to the Seattle Office instructing them to contact [redacted]

Enclosure

16 AUG 21 1956

*This referral was made because the FBI and OSI have previously given information to the Better Business Bureau denying any sponsorship of Adamski and pointing out falsity of his claims.
