

Sept 15-1950

Notes on interview through L/C.
Brunner with Dr Robert J Sarbacher.

WBS: I am doing some work on the collapse of the earth's magnetic field as a source of energy, and I think our work may have a bearing on the flying saucers.

RIS: What do you want to know.

WBS: I have read Scully's book on the saucers and would like to know how much of it is true.

RIS: The facts reported in the book are substantially correct.

WBS: Then the saucers do exist?

RIS: Yes. They exist.

WBS: Do they operate as Scully suggests, on magnetic principles?

RIS.

We have not been able to duplicate their performance

WBS

Do they come from some other planet?

RIS

All we know is, we didn't make them, and it's pretty certain they didn't originate on the earth.

WBS

I understand the whole subject of saucers is classified

RIS.

Yes, it is classified two points higher even than the H-bomb. In fact it is the most highly classified subject in the US Government at the present time.

WBS

May I ask the reason for the classification?

RIS

You may ask, but I can't tell you

WBS

Is there any way in which I can get more information, particularly as it might fit in with our own work.

RIS.

I suppose you could be cleared through your own Defense Department and I am pretty sure arrangements could be made to exchange information. If you have anything to contribute, we would be glad to talk it over, but I can't give you any more at the present time.

Note: The above is written out from memory following the interview. I have tried to keep it as nearly verbatim as possible.
