

The ruling powers decided that one means of funding the alien connected and other black projects was to corner the illegal drug market. A young ambitious member of the Council on Foreign Relations was approached. His name is George Bush who at the time was the President and CEO of Zapata Oil based in Texas. Zapata Oil was experimenting with the new technology of offshore drilling. It was correctly thought that the drugs could be shipped from South America to the offshore platforms by fishing boat where it would then be taken to shore by the normal transportation used for supplies and personnel. By this method no customs or law enforcement agency would subject the cargo to search. George Bush agreed to help and organized the operation in conjunction with the CIA. The plan worked better than anyone had thought and has since expanded worldwide and there are now many other methods of bringing the illegal drugs into the country. It must always be remembered though that George Bush began sale of drugs to our children. The CIA now controls all the worlds illegal drug markets.

The "official" Space Program was boosted by President Kennedy in his inaugural address when he mandated that the United States put a man on the Moon before the end of the decade. Although innocent in its conception this mandate enabled those in charge to funnel vast amounts of money into black projects and conceal the REAL space program from the American people. A similar program in the Soviet Union served the same purpose. In fact a joint alien, United States, and Soviet Union base already existed on the Moon at the very moment Kennedy spoke the words. On May 22, 1962 a space probe landed on Mars and confirmed the existence of an environment which could support life. Not long afterward the construction of a colony on the planet Mars began in earnest. Today cities exist on Mars populated by specially selected people from different cultures and occupations taken from all over the Earth. A public charade of antagonism between the Soviet Union and the United States has been maintained over all these years in order to fund projects in the name of National Defense when in fact we are the closest allies.

At some point President Kennedy discovered portions of the truth concerning the drugs and the aliens. He issued an ultimatum in 1963 to MJ-12. President Kennedy assured them that if they did not clean up the drug problem he would. He informed MJ-12 that he intended to reveal the presence of aliens to the American people within the following year and ordered a plan developed to implement his decision. President Kennedy was not a member of the Council On Foreign Relations and knew nothing of "Alternative 2" or "Alternative 3". Internationally the Operations were supervised by an Executive Committee known as the "Policy Committee". In the United States they were supervised by MJ-12 and in the Soviet Union by its sister organization. President Kennedy's decision struck fear into the hearts of those in charge. His assassination was ordered by the Policy Committee and the order was carried out by agents of MJ-12 in Dallas.
