

Besides investigating and studying UFO reports, this body publishes a monthly magazine informing the public of the present state of affairs in UFO Research. Current cases of UFO activity, both Canadian and World-Wide, are also printed. Sightings from all over the world are obtained from UFO CANADA's correspondents representing virtually every country in the world.

UFO CANADA is a non-profit organization dedicated to objective reporting and scientifically based research. The organization has no particular beliefs as to what UFOs may or may not be. However all points of view and every aspect is considered with an open mind, providing they be within rational and scientific parameters.

UFO CANADA is Copyrighted (SN-282104) and is registered with the Federal Government of Canada. The magazine is printed on offset press and contains a minimum of 24 pages per issue. Contents include editorials, feature articles, research reports, actual cases, photos and virtually anything which relates to the UFO phenomenon.
