Dear Sirs:

This will acknowledge your letter of recent date regarding a proposed book on "flying saucers" by Major Donald E. Keyhoe, U. S. Marine Corps, retired.

We in the Air Force recognize Major Keyhoe as a responsible, accurate reporter. His long association and cooperation with the Air Force, in our study of unidentified flying objects, qualifies him as a leading civilian authority on this investigation.

All the sighting reports and other information he listed have been cleared and made available to Major Keyhoe from Air Technical Intelligence records, at his request.

The Air Force, and its investigating agency, "Project Bluebook," are aware of Major Keyhoe's conclusion that the "Flying Saucers" are from another planet. The Air Force has never denied that this possibility exists. Some of the personnel believe that there may be some strange natural phenomena completely unknown to us, but that if the apparently controlled maneuvers reported by many competent observers are correct, then the only remaining explanation is the interplanetary answer.

Very Truly Yours
