Dear Henry:

Thank you for your letter of October 20th with your cheque for a copy of my new book. The book is slightly delayed but will be out in a couple of weeks. A copy will be sent to you immediately.

Yes, I think the new Act should make it possible for us to obtain further information. Although I have recently managed to uncover quite a bit (and this is dealt with in my book). I am convinced that more is still being withheld.

It would be nice if the MUFON Symposium can be held in Toronto in 1982. Good luck with your efforts.

Thanks for your good wishes.

Sincerely,

Arthur Bray.
